Sir:

This is an Information Disclosure Statement submitted in compliance with the timing requirements of 37 C.F.R. § 1.97(b)(1), i.e. within three months of the filing date of the application.

Upon review of the Information Disclosure Statement filed on March 31, 2004, it was noted that, due to a typographical error, the document number for one of the U.S. references was improperly listed. A marked-up copy of the PTO-1449 which was submitted with the Information Disclosure Statement of March 31, 2004, and which indicates the change, is attached. Moreover, additionally attached hereto is a new Form PTO-1449, which lists the proper document number of this reference. It is further noted that this reference is the U.S. counterpart of Japanese document No. 9-153613, which was also submitted with the IDS of March 31, 2004, so any relevance of this Japanese publication can be gleaned from the properly listed U.S. Patent.

Since this Information Disclosure Statement is being filed within three months of the filing date of the application, no certification or fee is required, and the requirements of 37 C.F.R. §§ 1.97 and 1.98 are deemed to be fully met as to all listed documents. Consideration of the listed documents is respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Robert Berdo".
